Greetings NexTech Families,

I hope you are enjoying this beautiful time of year! We are working hard to prepare for our students' return in the fall. We are very fortunate to work in an open concept building which will be extremely beneficial to all of us in keeping a fresh and clean working environment for our students. Every decision we make is for the safety and well being of your child and the best learning atmosphere we can provide both in seat and online. In the coming days you will be seeing more information to share about our back to school plans as the state releases their recommendations.

Enjoy your summer and see you soon-
